

NONDISCRIMINATION ON THE BASIS OF DISABILITY

Title II of the Americans With Disabilities Act of 1992 requires that no qualified individual with a disability shall, because of public facilities that are inaccessible to or unusable by individuals with disabilities, be excluded from participation in, or be denied the benefits of the services, programs, and activities offered in such public facilities or be subject to discrimination. Moreover, the school district may not exclude or otherwise deny services, programs, or activities to an individual because of the known disability of a person with whom the individual is known to have a relationship or association.

Definition:

A “qualified individual with a disability” is an individual with a disability who, with or without reasonable modification to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the Mansfield Public Schools.

Reasonable Modification:

The Mansfield Public Schools shall make reasonable modification in policies, practices, or procedures when the modifications are necessary to avoid discrimination on the basis of disability, unless the district can demonstrate that making the modifications would fundamentally alter the nature of the service, program, or activity.

Communications:

The Mansfield Public Schools shall take the appropriate steps to ensure that communications with applicants, participants, and members of the public with disabilities are as effective as communications with others. To this end, the district shall furnish appropriate auxiliary aids and services where necessary to afford an individual with a disability an equal opportunity to participate in, and enjoy benefits of, a service, program, or activity conducted by the Mansfield Public Schools. In determining what type of auxiliary aid or service is necessary, the district shall give primary consideration to the requests of the individuals with disabilities.

Auxiliary Aids and Services:

“Auxiliary aids and services” includes (1) qualified interpreters, note takers, transcription services, written materials, assisted listening systems, and other effective methods for making aurally delivered materials available to individuals with hearing impairments; (2) qualified readers, taped texts, audio recordings, Braille materials, large print materials, or other effective methods for making visually delivered materials available to individuals with visual impairments; (3) acquisition or modification of equipment or devices and (4) other similar services and actions.

NONDISCRIMINATION ON THE BASIS OF DISABILITY

Limits of Required Modification:

The Mansfield Public Schools is not required to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens. Any decision that, in compliance with its responsibility to provide effective communication for individuals with disabilities, would fundamentally alter the service, program, or activity or unduly burden the Mansfield Public Schools shall be made by the School Committee after considering all resources available for use in funding and operating the program, service, or activity. A written statement of the reasons for reaching that conclusion shall accompany the decision.

Compliance Coordinator: The Mansfield Public Schools shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under Title II of ADA, including any investigation of any complaint communicated to it alleging its noncompliance or alleging any actions that would be prohibited under ADA.

The Mansfield Public Schools shall make available to all interested individuals the name, office address, and telephone number of the employee(s) so designated and shall adopt and publish procedures for the prompt and equitable resolution of complaints alleging any action that would be prohibited under the ADA. The school system receives federal financial assistance and must comply with the above requirements.
