

REPRESENTATION ON EXTERNAL COMMITTEES

The Mansfield School Committee may appoint its members or its designee to represent it on committees and for functions and activities of other organizations and groups.

1. Members may be appointed to external committees or functions at the meeting for organization or at any time during the year it becomes desirable to do so.
2. An appointee should express the interests of the School Committee and be an information source for the School Committee.
3. On the basis of their experience as a representative to an external group, the member may propose recommendations to the School Committee but may not take any action that binds the School Committee.
