TOO MUCH GLUE!!! AUTHOR VISIT

ALL OUR STUDENTS WILL GET A CHANCE TO HEAR THE AUTHOR!

Jason Lefebvre author of *Too Much Glue* is coming to visit our school!

Jason lives in Holyoke, MA. He worked for fifteen years as a preschool paraprofessional and has been the children's librarian at the Holyoke Library since 2005. He will be stopping by on April 25th and April 26th for a reading of the book and to talk about what it's like to write a picture book. The book encourages artistic expression in all forms and shows that being unique is a wonderful thing. Kids will have an opportunity to meet Jason and get their book signed.

Too Much Glue from the publisher Flashlight Press:

Matty LOVES glue. At home with Dad he makes glue glasses, glue mustaches, and glue bouncy balls. But at school, Matty's art teacher worries and warns, "Too much glue never dries." In art class one day, Matty decides to make the most fantastic glue project ever, with a super-special ingredient - himself! Ignoring his teacher's warnings, Matty belly-flops onto the glue-covered table, rolls around in the sequins and glitter, and encounters an unexpected glitch - when he tries to get up, he boings right back into the slippery, sticky mess! This calls for a dose of imagination and a little help from friends. But each wacky attempt only makes things worse! Finally Matty gets an idea from his hyperventilating teacher. Will it work, or will Matty be a half-boy, half-art project stuck- to-a-table forever?
