

October 16 2023  
1:30 PM  
Jordan/Jackson School  
Room A102

Mission Statement:

"The primary mission of the Mansfield Health Wellness Advisory Council is to provide and develop educational resources to address relevant topics. We strive to promote and support the physical and social/emotional health of our school community."

Goals:

1. Identify areas where teacher oriented programs regarding mental health issues can support positive change
2. Help inform students and families about existing health related activities, resources and supports
3. Advocate for Mansfield employees to value employee input and use the Wellness Committee as a vehicle of change
4. Review and provide recommendations for policy/protocol and program development
