

BUILDINGS AND GROUNDS SECURITY

The Committee recognizes that security should mean not only maintaining a secure building but protecting the building from fire hazards and faulty equipment. Safe practices in the use of electrical, plumbing, and heating equipment is required. Furthermore, the Committee expects communication, cooperation, and a good working relationship with the Mansfield Fire Department, and Mansfield Police Department and compliance with state and local inspections.

The District will maintain an adequate key control system to limit access to buildings. Funds and valuable records will be kept in a safe place under lock and key.

Access to school facilities and grounds will be in compliance with District policy and local, state and federal law.

Protective devices designed to be used as safeguards against illegal entry and vandalism will be installed when appropriate to the individual situation. Employment of security personnel may be approved in situations where special risks are involved.
